

Protective cover VOS-LE-COV-M12

- Replacement protective cover for VOS1000 and VOS2000 camera with integrated S-mount lenses

Function

The protective cover is used to protect the lens of the VOS camera from external influences and thereby increase the degree of protection (to IP67). It provides a rugged protective barrier against the ingress of moisture, dirt, and dust. Using a protective cover extends the service life of the camera while ensuring that image quality is not compromised. Note the maximum dimensions of the lens used.
